This way, you do not need to repeatedly enter the same information when visiting our website and, for example, the items remain in your shopping cart until you have paid. We may place these cookies without your consent.

### 2.4 Social media

On our website, we have included content from Facebook, LinkedIn and Instagram to promote web

pages (e.g. "like", "pin") or share (e.g. "tweet") on social networks like Facebook, LinkedIn and Instagram. This content is embedded with code derived from Facebook, LinkedIn and Instagram and places cookies. This content might store and process certain information for personalized advertising.

Please read the privacy statement of these social networks (which can change regularly) to read what they do with your (personal) data which they process using these cookies. The data that is retrieved is anonymized as much as possible. Facebook, LinkedIn and Instagram are located in the United States.

# 3. Placed cookies

Most of these technologies have a function, a purpose, and an expiration period.

1. A function is a particular task a technology has. So a function can be to "store certain data."
2. Purpose is "the Why" behind the function. Maybe the data is stored because it is needed for statistics.
3. The expiration period shows the length of the period the used technology can "store or read certain data."
